#1) Projects Underway or Completed with Mitigation Grant funding - Quarterly Reports on file with NJSP OEM Mitigation Unit: (Brief Project Description)

none

#2) Which Projects listed in HMP (appendix 1.9) are still valid and to be considered for funding:

#2. Funding is needed for a backup power generator at the Public Works Facility. Currently no back up power is provided to the entire facility. Estimated cost to procure and install is \$40,000.00

#3. Funding is still being sought to increase drainage capacity at Sylvan lake by dredging it. Cost estimated at \$1,200,000.00. Previous debris removal funding of \$383,000.00 From NCRS has been completed.

#5 Action is still on-going. Numerous structures have received Federal funding for mitigation activities, but additional funding is necessary. Of the estimated 155 structures 49 have been mitigated using the following funding source: 20 NFIP ICC, 16 self funded, 12 RREM (HUD) and 1 HMGP.

#3) Projects underway or completed (identified in appendix 1.9, or not) using funding other than Mitigation Grants:(Brief Project Description)

#1. Completed, but action has elements which will continue. Flood protection Library completed at Borough Office and local library. Web site updated with flood information. Outreach continues through bi-annual news letter and National Night Out.

#2. Complete with one exception (see box 2). Municipal facilities have mitigated from flood and other exposures. Backup power has been provided for most of the critical facilities.

#4. Action completed. Borough ordinance has been adopted adding increased regulatory standard. Borough will be entering the CRS program this spring.

#5. Action is still on-going, many structures have been elevated, rebuilt and mitigated.
