**#1) Projects Underway or Completed with Mitigation Grant funding - Quarterly Reports on file with NJSP OEM Mitigation Unit: (Brief Project Description)**

Project HMGP-DR-4086-377R is currently underway. The project includes the purchase and installation of five (5) transfer switches at five (5) pump stations, purchase of a mobile generator to be utilized at the pump stations, and purchase and installation of a permanent generator at the Department of Public Works. All quarterly reports are up to date with NJOEM and the project has been awarded to a contractor. This project aligns with Freehold Township Community Action Number 7 in Appendix 1.9 of the 2015 Monmouth County Hazard Mitigation Plan.

**#2) Which Projects listed in HMP (appendix 1.9) are still valid and to be considered for funding:**

Community Action #1: Storm Sewer Outfall Scouring at Rose Court (\$500,000).  
Community Action #3: Culvert Rehabilitation at Hampton Drive (\$325,000).  
Community Action #4: Culvert Rehabilitation at Medford Boulevard (\$500,000).  
Community Action #5: Stream cleaning/desnagging to decrease erosion (\$500,000).  
Community Action #6: Public outreach/education of natural hazards and possible mitigation actions and measures (\$10,000).  
Community Action #8: Wildfire planning and education (\$300,000).

**#3) Projects underway or completed (identified in appendix 1.9, or not) using funding other than Mitigation Grants:(Brief Project Description)**

Freehold Township received a proposal for design and permitting services for the replacement of the Plymouth Drive culvert as outlined in Community Action Number 2. Freehold Township will be pursuing this project with Township capital improvement funds. The target completion date of this project is 2018.
